OPTIONAL ADD-ON ACCESSORIES

WIFI MODULE FOR SMART HOME INTEGRATION

By adding the optional Wi-Fi Module to your Haiku L, you can group and control all Haiku fans and lights simultaneously using your smartphone!

LED LIGHT KITS

Available in a Downlight, Haiku's optional LED lights in Cool White (4000K) or Warm White (2700K) creates a luxurious soft illumination. 80% more energy efficient than regular incandescent bulbs, your LED light will light up your space without breaking the bank.
